## Immediate, Tangible Benefits

A membership in TTA pays off from the start. As a member of the Texas Turfgrass Association, your membership benefits include:

- **Texas Turfgrass Magazine**, the official publication of the Texas Turfgrass Association, which reports quarterly on the activities of the society, including honors and awards, society governance, and news about members, and our conferences. The magazine also includes periodic reports on progress made in turfgrass research.
- **Access to TTA's Job Board** in the members-only section of TTA's website.
- **Opportunities to Get Involved** in TTA's events and board where you can vote and hold office.
- **Complete membership directory** so you can use TTA's network to your advantage.
- **Continuing Education** during TTA's conferences for TDA, GCSAA, and other professional organizations.
- **Best Turfgrass Trade Show** in Texas that brings together exhibitors from across the state.
- **Certification program (CPTM and MCPTM)** that distinguishes your career in the industry
- **Awards for achievements in the industry** - awarded annually at the Winter Conference.
- **Funding for "green industry" research and scholarships**
- **And much more!**

## Your State Network

When you join TTA, you'll belong to an organization whose members represent all areas of the turfgrass industry. TTA's members work together to improve and advance the professional standards for those working in the turfgrass industry.

TTA's membership comes from across the state and the green industry, including:

- Lawn Care
- Golf,
- Parks & Recreation,
- School Districts,
- Sod,
- Grounds, and many others.

## Your Source for Professional Development

TTA holds two conferences each year in July and December. These events feature comprehensive continuing education programs, exhibits, technical tours, and special events. Our conferences focus on real world skills and job performance.

Past conference programs have included:

- Lawn Care Sessions
- Irrigation license sessions
- Business management
- Pesticide applicators training
- Golf Sessions,
- Sports turf sessions, including "in-fill" synthetic sports fields
- Sports facility tours
- Research facility tours, and much more.
